

The Retriever Secure Document Destruction Container

Manufactured specifically for the unique security demands of the information destruction industry

Sleek design—not a retrofitted “garbage can” like others on the market

Dimensions: 41” x 25” x 29”

Capacity: 66 gallons / approximately 200 pounds

Internal lock delivers superior security and ease of use

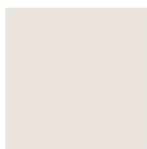

Integrated hinge mechanism provides superior durability and is tamper evident

High security lid provides ease of use and improved privacy and security

Lockable caster for ease of movement and secure placement

Light gray finish blends with any office decor

Streamlined design provides a pleasing look and high capacity
